

**The only GIS Core
Technology Company
in Taiwan**

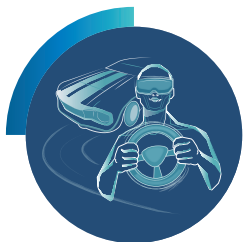

Rooted in Taiwan. Eyes for the World.

**Over 20 years of industry experience.
Rich patented technologies.
Mastery in software and hardware integration.**

Geographic Information System (GIS)

2D/3D Map Data
Diverse Analytical Tools
Customized system

XR Application

Dynamic feedback without delay
Perfect integration of real video, virtual image and 3D map data
Variable application in entertainment (Multiplayer racing, ecological adventure chronicles, cultural tour, etc.)

Unmanned Aircraft System(UAS)

Unique Twin-Axis Tilt-Rotor UAV
Real-liked Flight Simulator
Ground Control System with mult-vehicle
